Report of Library Trustees.

We are pleased to note that the new catalogues have largely increased the patronage of the library.

The problem of caring for the books must soon be met, as the present room is over-crowded.

We suggest the possibility of building a stack room in one corner of the banquet room of the Town Hall, cutting a door through from the room now in use. We are confident that it can be done at a small expense, and would make a very convenient arrangement, sufficient for many years.
